

TECHTRAP

AI-Powered Neuro-Motor Clinical Assessment

Session Generated: 2026-01-04 23:01

Child Information

Name	Ahmed Ali
Age	7
Session ID	SESSION-001

AI Neuro-Motor Score

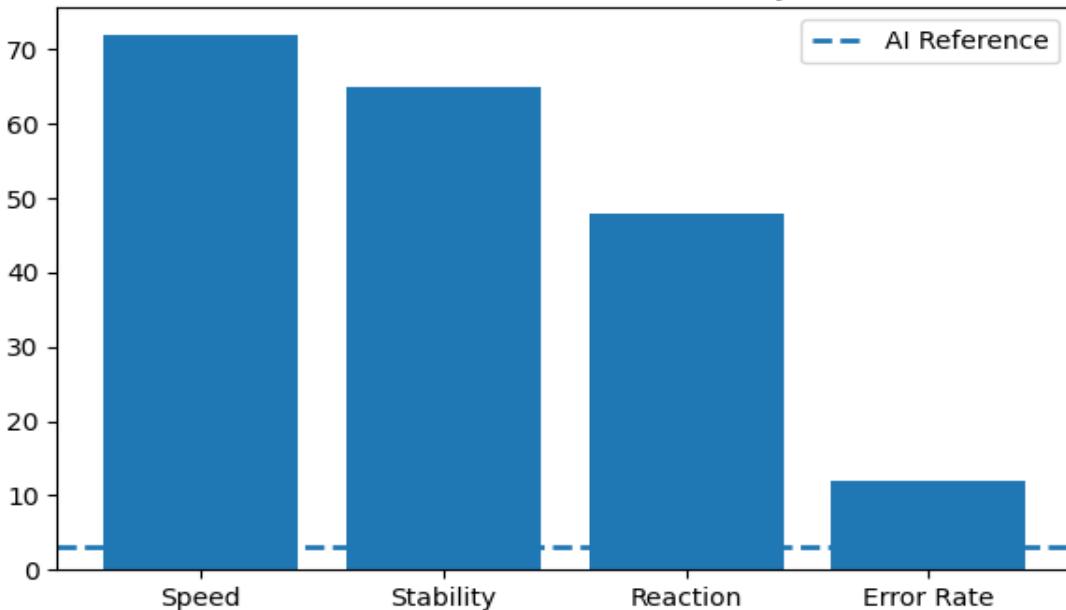

78.5 / 100

Risk Level: Normal

Performance Metrics Overview

Avg Speed	72
Stability	65
Reaction Time	48
Error Rate	12

Neuro-Motor Performance Analysis

AI Clinical Interpretation

AI analysis indicates age-appropriate neuro-motor coordination. Motor control, reaction consistency, and stability fall within normal clinical range.
